Congratulations to Sharon Trexler!

*During this crazy busy time of year, I took a few minutes to spend with **Sharon** and we learn a little bit more about what makes her tick! Enjoy the read ...*

Sharon Trexler has been working in Title Insurance & Escrow since she was 19 years old! Like many of us, she was introduced to the business by a family member and nearly 20 years later, here she is making a career and life out of the opportunity. She started as a receptionist right after she graduated high school in a builders division, and after a short time moved into banking, accounting, and disbursements. After a couple of years there, she moved on to work her own Escrow desk. Sharon came on-board at Ticor about 5 years ago, and she thinks it the smartest career move she has made yet ... we agree!

She grew up in Lake Forest, when it was still referred to as El Toro, and currently lives in Rancho Santa Margarita. When she isn't putting in hours here at the office, you will find her spending time with some of her good friends, being outdoors, hiking local trails, having a beer, or just enjoying some time and relaxing with her boyfriend. She has a bunch of family that all still live locally in Lake Forest and she feels lucky to get to spend quality time with them. A family of girls, she has two sisters, and she is sandwiched in the middle as the second born.

Given the chance to take a vacation, Sharon's top spot for fun and adventure is Mammoth. She loves snowboarding and spending time on the mountain. Given a DREAM vacation, she said that she would LOVE to explore Alaska. She is 'pretty outdoorsy' and her dad taught her to love being outside. She is up to go fishing anytime and told me it's one of her favorite ways to spend some time outdoors. Any type of fishing, doesn't matter, Sharon is G A M E.

In high-school she played basketball for all four of her years and she still enjoys the game. When it comes to food, her number one pick on the list is sushi! She is down for some sashimi and loves most types of fish. She told me there is a spot in Lake Forest that is her favorite local sushi bar, Minato. She suggests you check it out if you live in the area.

Sharon and her boyfriend both love music. Mostly rock and metal. He has been in several bands over the years, so both of them enjoy staying current on what is happening in the music world. They love heading up to L.A. to see shows in neighborhoods like Silverlake, and it's one of the things she enjoys most.

From all of your peers and the Ticor Team, we want to wish Sharon Trexler a very warm congratulations on being named Employee of the Month! Thank you for your dedication and hard work! You are appreciated by all!! Congrats Sharon.
